

Career Opportunity**Role: Fitter - Mixed Gases, SEBU****Location: Stansted Airport, Essex**

AEM, with its head office at Stansted Airport, is a subsidiary of AMETEK. As part of AMETEK's Aerospace & Defense Division, AEM is one of the largest independent aircraft component repair and overhaul facilities in Europe.

We have an immediate full-time vacancy, at our Stansted site for a Mixed Gases Fitter to work in our SEBU Business Unit; this is a permanent role, and reports to the Team Leader.

Job Purpose:

- To repair, test and overhaul valve & cylinder assemblies
- To undertake hydrostatic testing of cylinders and charging of complete assemblies (up to 4500 PSI)

Main Tasks:

- Strip down of valve assemblies
- Replace standard spares as part of the overhaul process
- Inspect individual parts and replace defective items.
- Thorough clean of components
- Build-up valve assemblies ready for testing on various flow rigs
- Hydrostatic testing of cylinders in accordance with Department of Transport requirements
- Re-assembly of the valve and cylinder components
- Charge the complete assemblies to pressures of up to 4500 PSI
- Provide ad hoc support, as required, to the safety inflatable team

Qualifications:

- Numerate and literate – minimum GCSE (or equivalent) Maths and English
- Training in charging and overhaul of oxygen cylinders and oxygen (highly desirable)

Experience:

- Previous experience of working with oxygen systems, charging cylinders and overhauling oxygen components (highly desirable)
- Previous experience of working in an engineering/workshop environment (highly desirable)
- Prior experience working of interpreting and following in detail compliance manuals (essential)

Competencies

- Ability to work well in multi-discipline/cross-functional teams
- Working within a small team of skilled technicians, reliability, flexibility and team work are key skill requirements.
- Excellent interpersonal skills and ability to build close-knit relationships
- Strong organisation skills and excellent attention to detail
- Ability to work under pressure, to tight deadlines and multi task whilst maintaining a high degree of quality, workmanship and compliance with health and safety regulations.
- Strong communicator (written and verbal)
- Creative and outgoing
- Positive, enthusiastic, confident and motivated

Additional Information:**Working Hours:** 39 hour week; 08.00 – 16.30 Monday to Thursday and 08.00 – 15.30 Friday**Salary:** Competitive, depending upon experience
